Your Hair

Sometimes Mev turns into
someone like my mom.

That's when he finds my hair on the floor.

Because your hair is
dark blond so we don't
see yours on the floor.

But mine is black so
we can see it so well.

I always think it's so unfair.

But it's true that
I don't have a leg to stand on.

My hair reaches down to my crotch!
If I don't tie them.

So one day,
I shared my thought with Alex.

He was serious.
